

7th Grade New Testament (Gospels)

Lesson Plan: The Genealogy of Jesus - Pt. 2

Lesson Goal: Students should observe influences on their life from their own family tree and heritage. However, emphasis should be placed on the ways God uses ALL situations to bring about God's plan (sovereignty).

Question: How are you like your family? How are you different?

Prayer.

Students will put together their own family trees to identify their own biological and spiritual heritage. Students should be given the genealogy research page about a week before this activity to give them plenty of time to collect the needed information. For each member of the family, they will need names and any church affiliation.

They will then make a visual chart of their findings using the chart on the next page.

My Family Tree

and spiritual heritage

The diagram features a central illustration of a tree with a brown trunk and branches, green leaves, and a stylized human figure with arms raised. Thirteen empty rectangular boxes are arranged around the tree to record family members:

- Top row: 4 boxes (left to right)
- Second row: 4 boxes (left to right)
- Third row: 4 boxes (left to right)
- Bottom row: 1 wide box centered under the tree
